

# DEADPOOL BUST

## REMASTERED SUPPORTLESS EDITION

**HELLO, AND THANK YOU** for choosing to print my Deadpool bust! I had a lot of fun working on this one, adding all the details everywhere and trying to capture Mr. Pool's attitude. I hope you will enjoy printing him even half as much as I enjoyed sculpting him!

### A few things to consider before starting the print

You probably want to use a bit of z-hop because if the plastic curls on one of the swords your nozzle can hit it and break it off.

This model doesn't *require* supports, but that doesn't mean you shouldn't use them if you are uncertain about your printer's capabilities. But generally speaking this model will print just fine without any supports at all!
